Antivibranti in gomma, completamente metallici ed a molla per il settore industriale, navale, civile e militare.

Cabine di insonorizzazione.

Rilievi fonometrici e vibrazionali.

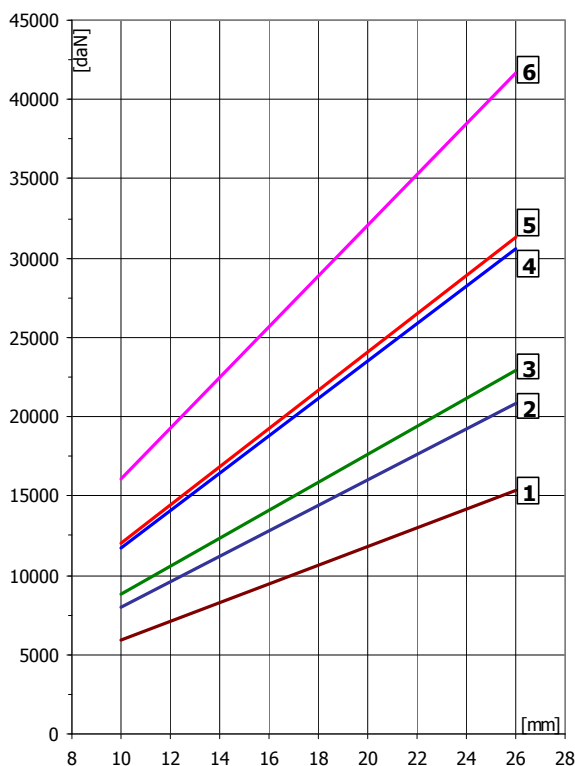

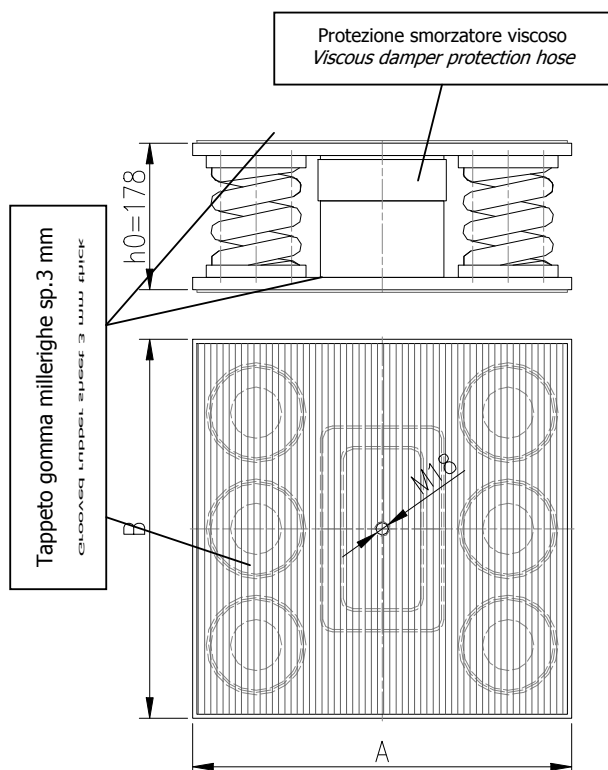

Rubber Antivibrations, Fully metallic vibration-dampers, Wire Rope Dampers, Spring damper, Viscous-spring Dampers, for industrial, civil, shipbuilding and military sector.

Soundproofing booths.

Phonometric and vibration analyses.

Antivibranti completamente metallici a bassa frequenza, dotati di smorzatore viscoso, adatti per la sospensione attiva e passiva di macchinari rotanti

Fully metallic low frequency vibration viscous dampers suitable to obtain both active and passive vibration isolation of rotating machineries

Molle in acciaio legato verniciato nero – Piastre in acciaio verniciato RAL5011
Special steel alloy spring, black painted – Steel plates, RAL5011 painted
